

DIGITAL MEDIA ARTS (DMA)

DMA 1 (C-ID ARTS 250) 3 units

Introduction to Computer Graphics 36 hours lecture, 72 hours laboratory

Grading: letter grade or pass/no pass.

Formerly ART 41. This course introduces beginning students to digital image creation through fundamental terms, tools, and techniques.

Through multiple applied projects, students will develop skills related to the production of: digital illustration, photo retouching, fine art imagery, and graphic design. The course explores historical background and emerging media trends in digital art as a tool for creative expression.

Transferable to CSU Only

DMA 2 3 units

Introduction to Digital Media Arts 36 hours lecture, 72 hours laboratory

Recommended Preparation: DMA 1.

Grading: letter grade or pass/no pass.

Formerly DMA 201. This course introduces students to digital multimedia using technology as a creative tool. Through multiple applied projects, students will explore: web imagery, animation, motion graphics, data visualization, UX/UI, interaction, gaming, visual effects, video production and transmedia storytelling. The course explores how digital media transforms our experience of communication and impacts our cultural, business and personal lives.

Transferable to both UC and CSU; see counselor for limitations

DMA 3 3 units

Digital Illustration 36 hours lecture, 72 hours laboratory

Prerequisite: DMA 1 or DMA 2.

Recommended Preparation: ART 17 or ART 31.

Grading: letter grade or pass/no pass.

Formerly ART 45. This course further explores digital image creation and stylization using vector and raster-based software applications. Students learn to create illustrated images for graphics, animation, games, and fine art applications. Applied projects will cover: storyboarding, concept art, portraiture, character design, environments, and material studies for digital image artifacts.

Transferable to both UC and CSU; see counselor for limitations

DMA 4 3 units

Introduction to Typography 36 hours lecture, 72 hours laboratory

Grading: letter grade or pass/no pass.

Formerly ART 56. This graphic design course explores the fundamentals of typographic form with a close examination of the architecture of letterforms, alphabet construction and wordmarks. Students learn the appropriate use of specific families of type for work in the field of graphic and communication design. The intersection of type as visual language and expressive at form explored from historic, theoretic and aesthetic views.

Transferable to CSU Only

DMA 5 3 units

Graphic Design: Branding 36 hours lecture, 72 hours laboratory

Prerequisite: DMA 1.

Recommended Preparation: ART 31 or DMA 4.

Grading: letter grade or pass/no pass.

Formerly ART 44. This graphic design course serves as an overview of visual communications, branding and the commercial arts using digital production techniques. Students will develop applied skills in design software and hardware combined with analog construction, while learning to combine and coordinate type, images and symbols into logos, packaging, posters and ads.

Transferable to CSU Only

DMA 6 3 units

Graphic Design: Publication & Production 36 hours lecture, 72 hours laboratory

Recommended Preparation: ART 31 or DMA 1 or DMA 4.

Grading: letter grade or pass/no pass.

Formerly ART 55. This course examines graphic design through craft and production, including typography, illustration, photography and layout. Students will develop a combination of traditional hand-skills supplemented by design software and production equipment. The history of graphic design will be explored as well as the relationship to marketing, merchandising, and publication.

Transferable to CSU Only

DMA 10 3 units

Introduction to Game Design 36 hours lecture, 72 hours laboratory

Recommended Preparation: DMA 1 or ART 17.

Grading: letter grade.

This course surveys the history, technology, narrative, ethics, and design of games. Students will work in teams to develop novel game-design story boards, game design documents and graphics. The course will explore the interplay of narrative, graphics, rule systems, in the creation of field, card, board, roleplaying, and digital games.

Transferable to CSU Only

DMA 15 3 units

Interaction and Web Design 36 hours lecture, 72 hours laboratory

Prerequisite: DMA 1 or DMA 2.

Recommended Preparation: ART 31 or DMA 4 or DMA 5.

Grading: letter grade or pass/no pass.

Formerly ART 43. This graphic design course explores visual communications associated with non-linear media such as websites, mobile apps and game engines. Students will learn to apply graphic design theory and UX/UI principles to social media graphics, data visualizations, animated icons and navigation display. The history of graphic user interface will be explored through arcades, gaming, home computing, and the internet.

Transferable to CSU Only

DMA 20 3 units

Digital Animation: 2D

36 hours lecture, 72 hours laboratory

Prerequisite: DMA 1 or DMA 2.

Recommended Preparation: ART 31 or DMA 3.

Grading: letter grade or pass/no pass.

Formerly ART 47. This course further develops the skills and software used to create 2D digital animation and multimedia. Students will learn the history and theory of various traditional and new-media animation methods as well as applied techniques to create both small and large-scale, stand-alone animation projects.

Transferable to both UC and CSU; see counselor for limitations

DMA 25 3 units

Motion Graphics

36 hours lecture, 72 hours laboratory

Prerequisite: DMA 1 or DMA 2.

Recommended Preparation: DMA 4 or DMA 5.

Grading: letter grade or pass/no pass.

Formerly ART 48. This graphic design course explores developing animated digital graphics combined with sound for web, video, film and games. Projects in motion graphics encompass, dynamic typography, animated logos, title and credit sequences, social media, AR/VR Filters, and special effects. Students will learn to render digital video non-linear editing and compositing of clips to create professional quality productions.

Transferable to CSU Only

DMA 27 3 units

2D Game and Interaction Design

36 hours lecture, 72 hours laboratory

Recommended Preparation: DMA 2 or DMA 15 or DMA 20.

Grading: letter grade.

This course combines the skills learned in previous design, animation, and interaction classes, to emphasize the unique characteristics of two-dimensional computer games and interactive applications. Students will learn the fundamentals of software based game design, acquiring new skills about game design and interaction, while applying skills learned in earlier coursework. Students will create games or interactive experiences targeted toward entertainment, education, or commercial spaces.

Transferable to CSU Only

DMA 30 3 units

Digital Animation: 3D

36 hours lecture, 72 hours laboratory

Prerequisite: DMA 2.

Recommended Preparation: DMA 3 or DMA 20.

Grading: letter grade or pass/no pass.

Formerly ART 46. This course further develops skills in digital animation. Students digitally construct three-dimensional objects and learn to deal with virtual space. Specific relationships will be made between electronic modeling and the visual arts, in particular, sculpture, animation, illustration, gaming and other areas of digital graphics and multimedia.

Transferable to both UC and CSU; see counselor for limitations

DMA 40 3 units

Multimedia Design

36 hours lecture, 72 hours laboratory

Prerequisite: DMA 1 and DMA 2.

Recommended Preparation: DMA 15 or DMA 20 or DMA 25 or DMA 30.

Grading: letter grade or pass/no pass.

Formerly ART 42. This course combines the skills learned in previous design, animation, and interaction classes, to emphasize the unique characteristics of three and four-dimensional computer graphics. Multimedia allows students to explore the advanced visual characteristics of virtual dimensions in both time and space through: graphic interfaces, game engines, projection mapping, and transmedia story-telling.

Transferable to both UC and CSU; see counselor for limitations

DMA 90 3 units

Special Studies: Design & Multimedia

36 hours lecture, 72 hours laboratory

Grading: letter grade or pass/no pass.

Formerly ART 49. This course is for graphic design and multimedia students who have completed a series of foundational classes and are prepared to do advanced work in a specific area. Students work independently on projects formulated with faculty assistance to develop personal skills for their chosen specialty in graphic design, web and interaction, animation, game design and/or the multimedia arts.

Transferable to CSU Only
