

ECONOMICS (ECON)

ECON 1 (C-ID ECON 202) 3 units

Macro Economic Analysis

54 hours lecture

Prerequisite: Intermediate Algebra or one year of high school intermediate algebra with a second semester grade of B or better or qualification through the math placement process.

Grading: letter grade or pass/no pass.

Formerly ECON 1A. Macroeconomics is concerned with the economy as a whole and large market segments. The instructional emphasis is on macroeconomic policy. This course examines the functioning of a mixed enterprise system. Topics will include the economic role of government, determination of national income, the banking system, and Federal Reserve policy. The attention is focused on such problems as the level of unemployment, the rate of inflation, balance of payments, the nation's total output of goods and services, economic growth, fiscal and monetary policies.

Transferable to both UC and CSU; see counselor for limitations

ECON 1H (C-ID ECON 202) 3 units

Honors Macro Economic Analysis

54 hours lecture

Prerequisite: Intermediate Algebra or one year of high school intermediate algebra with a second semester grade of B or better or qualification through the math placement process, and qualification for the Honors Program.

Grading: letter grade or pass/no pass.

Formerly ECON 1AH. Macroeconomics is concerned with the economy as a whole and large market segments. The instructional emphasis is on macroeconomic policy. This course examines the functioning of a mixed enterprise system. Topics will include the economic role of government, determination of national income, the banking system, and Federal Reserve policy. The attention is focused on such problems as the level of unemployment, the rate of inflation, balance of payments, the nation's total output of goods and services, economic growth, fiscal and monetary policies.

Transferable to both UC and CSU; see counselor for limitations

ECON 2 (C-ID ECON 201) 3 units

Micro Economic Analysis

54 hours lecture

Prerequisite: Intermediate Algebra or one year of high school intermediate algebra with a second semester grade of B or better or qualification through the math placement process.

Grading: letter grade or pass/no pass.

Formerly ECON 1B. This course examines the behaviors of individual households and firms in a mixed enterprise capitalist system. The class will include topics of price theory, distribution, resource allocation, foreign trade and comparative economic systems. Microeconomics is concerned with specific economic units or parts that make up an economic system and the relationship between these parts. The emphasis is placed on understanding the behavior of individual firms and households, and the ways in which they interact.

Transferable to both UC and CSU; see counselor for limitations

ECON 2H (C-ID ECON 201) 3 units

Honors Micro Economic Analysis

54 hours lecture

Prerequisite: Intermediate Algebra or one year of high school intermediate algebra with a second semester grade of B or better or qualification through the math placement process, and qualification for the Honors Program.

Grading: letter grade.

Formerly ECON 1BH. This course examines the behaviors of individual households and firms in a mixed enterprise capitalist system. The class will include topics of price theory, distribution, resource allocation, foreign trade and comparative economic systems. Microeconomics is concerned with specific economic units or parts that make up an economic system and the relationship between these parts. The emphasis is placed on understanding the behavior of individual firms and households, and the ways in which they interact.

Transferable to both UC and CSU; see counselor for limitations

ECON 3 3 units

General Concepts in Economics

54 hours lecture

Grading: letter grade or pass/no pass.

This course is a survey of economic principles, both micro and macro. This course is designed to provide non-economics and non-business majors a foundation in economics.

Transferable to both UC and CSU; see counselor for limitations

ECON 4 3 units

Contemporary Economic Issues

54 hours lecture

Grading: letter grade or pass/no pass.

This course offers an economic analysis of contemporary questions including environmental, institutional, and multicultural issues. The class will determine the role of economics, as a social science, assisting in understanding causes, effects, and possible policies for current problems. The instructional emphasis is on the relationship of basic tools of economic analysis and their application to current economic problems.

Transferable to both UC and CSU; see counselor for limitations

ECON 5 3 units

The Global Economy

54 hours lecture

Grading: letter grade or pass/no pass.

This course examines the location and organization of international economic activities from an economic, cultural, political, and environmental perspective. Topics covered by a faculty team drawn from economics and geography include the spatial distribution of resources and production, global flows of information, capital and labor, and regional inequalities such as income distribution, poverty, discrimination and standard of living. This class is recommended for students in business, social science and liberal arts with an interest in global and international issues, including regional and social inequalities, marketing and international trade, and tourism. This course is not open to students registered in or with credit in GEOG 5.

Transferable to both UC and CSU; see counselor for limitations
