

# DESIGN MANAGEMENT- ASSOCIATE IN SCIENCE

---

**Plan Code: 2903**

This field of concentration is designed to provide foundational knowledge of the practice of construction and design management with the option of maximizing the number of lower division transfer units. This Associate Degree will prepare students for a construction management-related career, and appropriate course selection will facilitate transfer to a professional degree program.

## Program Student Learning Outcomes

- Demonstrate the ability to attain the Institutional Student Learning Outcomes (ISLOs).
- Analyze methods, materials, and equipment used to construct projects.
